#### DESCRIPTION

Slip RY150 Key Blank Adapter over GM 10 PIN keys when duplicating on your Key Machine. Greatly improves key clamping when duplicating these often difficult keys. Design always grips GM 10 Pin keys in the groove so you will get accurate duplicate keys even if most of the key is cut away. Precision machined from billet Alloy Stainless Steel.

*Designed specifically for Ryтан RY100, RY200, RY256, RY45, RY456 & RY65 Key Duplicators; however they do work on most other manufacturers as well.*
